SUMMARY

Junior Frontend Web Developer, with 2 years of commercial experience. I want to work on React projects. My emphasis at work is to always prioritize, work on one tiny thing at a time, and use deliberate practice to learn.

WORK EXPERIENCE

Fream Sp. z.o.o.   **Aug. 2017 – Jul. 2019**
Junior Frontend Web Developer
- Large project in Polymer. Payment, billing features. Credit cards, errors, monthly billing, cancellation.
- Polymer project. Over 50 features. Pages, profiles, lists, menus, color palettes. Over 40 e-mail templates.
  - Figured workaround for dropdown menus. **Saved a lot of development time per menu.**
- Gained experience learning from mentors and working in big projects with **Agile methodology and SCRUM**.
- Technologies: **Javascript**, **Polymer 1.9.3**, **REST, CSS, SASS, RWD, HTML**

EDUCATION

University of Economics in Wroclaw, Poland   **Sep. 2010 – May. 2016**
Master's degree in International Economic Relations, Specialty: International Business

Languages
- Polish: native. **English: C2.**

SKILLS

ES6 Javascript, React, SVG, CSS, template literals, RWD, REST, basic NoSQL database

PROJECTS

Oxus Flashcards   **Jun. 2022 – Aug. 2022**
Web Development, Design
- https://oxus.netlify.app ❖ **React, ES6 Javascript, CSS, BEM technique, HTML**
- User can manage their list of decks of flashcards. Edit text/image in a card. Shuffle it based on difficulty.
- **Large-scale. Authentication. Database**. **UI/UX. RWD. Minimizing requests to server.**

Carbyne Explorations   **Aug. 2022 – Sep. 2022**
Web Development, Design
- https://carbyne-explorations.netlify.app ❖ R**eact, ES6 Javascript, SVG, CSS, HTML**
- Ancient galaxy-theme UI. Categories drift in a river pattern. Click shifts graphics to category color. **SVG graphics**, **animations**. **Events change SVG parameters** with **template literals, React context** and state.

Vimeo Searcher   **Sep. 2022 – Sep. 2022**
Web Development, Design
- https://vimeo-searcher.netlify.app ❖ **React, ES6 Javascript SVG, CSS, HTML**
- Displays videos on search. **Uses external platform API. Stores results locally.** Fitting UI and loader design.

INTERESTS

Chess, healthy lifestyle, daily exercising, training my communication skills, writing, book authors such as J. Waitzkin, B. Oakley.
