### PROFILE

Experienced Frontend developer with nearly 3 years in the industry. Possess a strong grasp of both frontend and backend development processes. Known for being disciplined and well-organized, with a constant focus on creating efficient, visually appealing, and user-friendly websites. Personally, a gym lover, runner and gamer.

### WORK EXPERIENCE

**FirstCompany** **Fullstack Developer** **March 2022 – Present**  
Warsaw Full-time

- Implemented various websites from concept through deployment and maintenance.
- Led the successful migration of company monolith tech-stack to Jamstack approach.
- Experience identifying and resolving React performance bottlenecks, optimizing applications for rerenders, correct usage of data fetching paradigms and alignment with Core Web Vitals.
- Co-created and maintained stores using company's e-commerce system, responsible for e-commerce aspects on the frontend: checkout process, product listing, product filters, shopping cart.
- Utilized responsive web design techniques to ensure websites work smoothly across different devices and browsers.
- Experience with debugging and troubleshooting production React/Laravel applications (Sentry.io, Bugsnag).
- Collaborated closely with Product Designers, Project Managers, and developers to deliver product on desired deadlines.
- Consulted clients to understand their specific vision, gather their requirements, and translate it into code.

**SecondCompany** **Frontend Developer** **February 2022–May 2023**  
Warsaw Part-time

- Prepared initial frontend application structure, implemented typography, CSS variables and reusable React components.
- Confirmed skill in operating within a rapidly evolving startup atmosphere while consistently delivering code within challenging project timelines.
- Collaborated with a small team of developers, graphic designer and product owner.
- Guided two junior frontend developers through the whole project, which contributed to successful launch.

**FirstCompany** **Junior Frontend Developer** **March 2021–March 2022**  
Warsaw Full-time

- Implemented several websites using React with Gatsby and Next.js frameworks.
- Added new features to legacy projects built on Nuxt and Gatsby.

**InternCompany** **Software Developer Intern** **Summer 2018 & 2019**  
Warsaw Full-time

- Created simple Wordpress sites based on company templates.

### EDUCATION

**University of Warsaw** **IT Engineer** **June 2020**
